PROFESSIONAL EXPERIENCES.

March 2015 - March 2017 Front-end Developer - Adlogica Inc.

Developed and maintained two CMS platforms for LP management with custom features: automatic keyword replacement, custom layouts, calculators, multidomain support, etc...

February 2014 - March 2015 Front-end Developer - Freshbyte

Creating visually appealing web pages or interfaces. Creating, editing or modifying templates for a CMS or web development framework.

December 2007 - January 2014 Front-end Developer - Lateral Inc.

Coded world-class web and mobile products.
Delivered best-in-class HTML5/CSS3/JQuery front end code across a broad array of interactive web and mobile projects.

June 2006 - November 2007 Front-end Developer - TotalStay Group

Collaborated with other developers and designers to build large scale projects.
Created clean, maintainable, cross-browser compatible code from mockups.

June 2005 - April 2006 Front-end Developer - Arxia

Responsible for creating W3C compliant HTML and valid CSS along with WordPress theme development, Newsletter templates and other various web-related tasks and maintenance.

January 2003 - Present Front-end Developer - Freelance

Transforming beautiful designs into clean, efficient and elegant code. Love Sass, Foundation and jQuery.

OBJECTIVE.

Aspiring to be a part of an ace environment to apply my expertise at finest levels. I want to work as a front-end web developer where I could create digital magic and elevate user experience to the next level.
